

**DIGEL - Technical specification,  
Eterna ML1300 G**

CE

- Knee safety breaker
- Extra breaker bar on moving platen
- Extra top breaker in upper platen
- Sheet counter
- Dwell, single and continuous run
- Central lubrication
- Robust cast iron frame
- Hardened die cutting plate
- Quick lock of dies (option)
- Fastening holes for dies in upper platen (option)
- Crank shaft for loosening of jammed machine

**Data**

Max sheet:	950 x 1300 mm
Inside die frame:	920 x 1300 mm
Max speed/Min:	24
Max pressure:	160 ton

**Dimensions**

Length:	2160 mm
Width:	2140 mm
Height:	1600 mm
Weight:	6,2 ton

**Technical data**

Motor:	5.5 kW variable speed
Pressure setting	Scales both sides
Connection:	3x 400 V, N+PE, 50Hz 6 Bar , 20 NL/Mn
Coupling:	Pneumatic

**The Machine is CE-marked**
