

Hand Platen - Technical specification, Eterna ML 930 GII

CE

IMG

BRAUSSE
GROUP

- Knee safety breaker
- Extra breaker bar on moving platen
- Extra top breaker in upper platen
- Sheet counter
- Dwell, single and continuous run
- Central lubrication
- Robust cast iron frame
- Hardened die cutting plate
- Quick lock of dies
- Crank shaft for loosening of jammed machine

Data

Fixed upper bed:	790 x 1000 mm
Movable lower bed:	770 x 980 mm
Inside frame:	720 x 930 mm
Max speed/Min:	24
Max pressure:	100 ton

Dimensions

Length:	2000 mm
Width:	1800 mm
Height:	1400 mm
Weight:	4 tonnes

Technical data

Motor:	4 kW variable speed
Pressure setting	Scales both sides
Connection:	3x 400 V, N+PE, 50Hz
Coupling:	Electromechanical

The Machine is CE-marked
